

## **COVID POLICY**

**Updated March 7, 2022**

**Based on changes in CDC guidelines**

### **MASKS**

Masks are not required at DCP. We do, however, encourage masking to protect the comfort and safety of those who may be particularly susceptible to COVID.

### **TEMPERATURE CHECKS**

Please monitor your own temperature and let us know as soon as possible before a class, workshop, or event if you have a fever. If you have a fever of 100 degrees or above or exhibit other symptoms of a COVID infection, please stay home. We will do our best to make arrangements for a refund or transfer to another class, the decision of which is in the sole discretion of DCP.

### **LIMITED CAPACITY**

We may limit capacity for classes, workshops, and events to allow for increased distance between attendees.

### **HAND SANITIZER**

DCP will provide hand sanitizer with at least 60% alcohol at multiple locations throughout the gallery and classroom spaces. As a courtesy to staff and other students with allergies and sensitivities, if your own hand sanitizer is scented, please use our unscented sanitizer instead. There will be hand soap in both restrooms.

### **CONTACT TRACING**

DCP will keep accurate records of everyone who attends classes, workshops, and events. If a COVID case is identified, we will email and/or call all those who may have had contact. We will respect the confidentiality of all clients and students of DCP.

### **LOCATIONS**

All of the above policies apply whether a student or client is in our facility or at any remote location where we are holding such events, classes, or workshops.
